

Australian Billiards & Snooker Council **National Selection Criteria - Billiards**

Selection for players to represent Australia will be as per the International Representation Criteria in addition to the selection process below:

- Winner of the Australian National Billiards Championship, or the Runner Up if the Winner is unable to attend.
- Highest Ranked eligible player on the National Billiards Ranking List following the Australian Billiards Championship. Players must have competed in the Australian National Billiards Championship to be eligible for selection.
- If these players are the same then the next Ranked player will be offered the position.
- If either of these players are unavailable, and for remaining selections, the Seeding and Selection Committee will reserve the right to select a player, using the National Billiards Ranking List.

Note:

- All these selections are subject to the confirmation of the Seeding and Selection committee of the ABSC, in particular with reference to players being of a suitable standard and character to represent Australia.
- Consideration could be given to players unable to contest the National Billiards Championship if written evidence is provided explaining the circumstances that prevented the player from contesting the Championship.

Seeding and Selection Committee members:

Adam Wyard
Rex Swain
Matthew Bolton
Chris Todd
Frank Dewens
